Dear Members,

## **CONNECTING WITH OUR MEMBERS**

I want to start by saying that I am both humbled and inspired by the trust and support of the membership to take on the presidency for Club Managers' Association (Singapore) "CMAS".

To our members and industry partners, thank you for extending your warmth and hospitality to our team as we journey with CMAS – the umbrella body for all golf and social clubs in Singapore and the 'voice of Club Managers'.

While the hospitality and club landscape has evolved over the years, the vision and mission of CMAS – ***To advance the professionalism and quality excellence of club management*** have not changed. While we maintain optimism going into the post-pandemic future, the business environment is still challenging. The team and I are committed to addressing current and future challenges, and to rally all our industry peers to unite as we face the new world ahead.

In the next two years, the team would like to focus on these areas:
